

STAINLESS STEEL PUSH-BUTTON SOAP DISPENSER

Timeless time flow

Vandal-resistant soap dispenser

Suitable for intensive use

Easy to maintain, no specific tools required

DELABIE ref.: 729064

The DELABIE Group, expert in sanitary ware for public places, presents its new time flow soap dispenser. Timeless, robust, hygienic... this soap dispenser is a must-have for public washrooms.

Timed flow with a timeless design

This liquid soap dispenser combines design and elegance. Its sleek and refined lines fit perfectly into any environment, offering a modern and discreet aesthetic.

Its minimalist and sophisticated allure make it the ideal choice, combining functionality and style, while blending in seamlessly with different decorative styles. Its mirror-polished finish guarantees optimal hygiene.

Tried and tested

This brand new soap dispenser, made from 304 bacteriostatic stainless steel, is designed - from the body to the spout via the cartridge - to deliver a long-lasting performance with an enduring aesthetic. This design enhances its durability, making it ideal for intensive use in public and commercial places.

Its discreet locking mechanism prevents the user from accessing the soap dispenser mechanism, protecting it from acts of vandalism.

Maintenance with peace of mind

Refilling a soap dispenser has never been easier! As well as being particularly resilient, this soap dispenser has been designed with easy maintenance in mind.

It can be filled directly from the top, or from the bottom, without the need for any specialist tools. Filling from the top is easy, just dismantle the soap dispenser; or fill from beneath the counter directly into the tank.

For versions with a tank, when filling from below, there is an innovative clipping system for the removable tank which is easy to use and intuitive for maintenance staff. Thanks to its automatic relocking system, maintenance is quick and easy.

This soap dispenser is also compatible with liquid soap and hydroalcoholic gel. In addition it has a smart, waterproof, non-drip dosing system.

30 YEAR
WARRANTY

50 YEARS
REPAIRABILITY

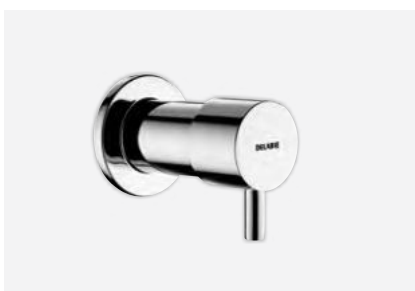

PRODUCT BRIEF / TIMELESS DESIGN

The DELABIE Group, expert in sanitary equipment for public places, presents its new time flow soap dispenser. Available with a 0.5 or 1 litre tank, a 1.2m tube, or for cross wall installation, these soap dispensers have been designed to adapt to all environments. Timeless, it can be used with liquid soap or hydroalcoholic gel, and hygiene is assured.

DELABIE, manufacturer's expertise

DELABIE, a 100% family-owned French company, founded in 1928, is the European market leader in water controls and sanitary equipment for public and commercial places. The company offers five product ranges specifically for this market: Commercial water controls, Hospital water controls, Accessibility and Hygiene accessories, Stainless steel sanitary ware and Specialist water controls. Over 2,000 DELABIE manufactured items, including international references, are exported from its factory in France to more than 90 countries. The company has 10 subsidiaries worldwide: Germany, Austria, Belgium, the Netherlands, United Kingdom, Spain, Portugal, Poland, United Arab Emirates (Dubai) and China (Hong-Kong). For many years, DELABIE has placed ecological concerns at the heart of its philosophy, offering products that are as stylish as they are responsible and sustainable. For our facilities, production methods, dematerialization, packaging, employee commitment... DELABIE is proud to have received the ECOVADIS gold medal in 2024.
